To whom it may concern:

It is a pleasure to recommend to you Erik Haguewood as a potential employee in your organization. Erik worked for me as a Junior Computer Programmer and Assistant Systems Administrators for several years at Bear Mountain Ski Resort, then a subsidiary of SKI Ltd. He was an intelligent, creative and eager employee who soon exceeded all of our expectations.

During his tenure there Erik developed several mission critical applications for our company, all of which were effective, efficient and rapidly passed through the testing phase. Additionally, he assisted in the administration of our systems which consisted of both Microsoft and Unix based computers operating in a networked environment.

Thank you for your consideration of Erik. If there is any more information you require I can best be reached at estebanlang@hotmail.com.

Respectfully,
